HMTRI has provided technical assistance to EPA-funded Environmental Workforce Development and Job Training (EWDJT) grantees and prospective grantees through cooperative agreements with the U.S. EPA since the inception of the Brownfields program.

**OVERVIEW OF TECHNICAL ASSISTANCE SERVICES**

**ANNUAL ENVIRONMENTAL JOB DEVELOPMENT ALL-GRANTEE MEETING AND WEBINAR**
Held in the fall, the meeting provides EWDJT grantees and prospective grantees the opportunity to exchange information and ideas with each other and with EPA representatives. The webinar, held in the spring, provides mid-year updates.

**BROWNFIELDS TOOLBOX WEBSITE**
The Brownfields Toolbox website is HMTRI’s repository and archive for all things related to environmental workforce development and job training.

**PROFESSIONAL LEARNING COMMUNITY (PLC)**
Bi-weekly, 30-minute conference calls feature presentations from HMTRI and EWDJT grantees (current and past) on various topics related to job training.

**GRANTEE AND COMMUNITY OUTREACH LISTSERVE**
The listserve is used to post information requests and announcements from HMTRI, EPA, grantees, and stakeholders interested in workforce development.

**MENTORLINK PROGRAM**
HMTRI maintains a roster of expert mentors willing to share their experience in specific activities related to job training.

**CERTIFIED EMPLOYEE FINDER**
HMTRI maintains a Certified Employee Finder that includes graduation dates, certificates and certifications held by graduates, and core competencies of EWDJT programs that can be used as a recruitment resource by potential employers.
